Jurnal Kesehatan Holistic with registered number ISSN 2548-1843 (Print) and ISSN 2621-8704 (Online), is a peer-reviewed journal published two times a year (January and July) by Lembaga Penelitian dan Pengabdian kepada Masyarakat Sekolah Tinggi Ilmu Kesehatan RS Husada Jakarta. Jurnal Kesehatan Holistic is intended to be the journal for publishing articles reporting the results of research on Health Science field especially Nursing, Midwifery, Medicine Science, Pharmacy, Nutritionist, Environment Health, as well as with their development through interdisciplinary and multidisciplinary approach. The submission process of manuscript is open throughout the year. All submitted manuscripts will go through the blind peer review and editorial review before being granted with acceptance for publication. Initially published in 2018, JKH has been using Open Journal System requiring all writers to register in advance before they are allowed to upload the manuscript they write online. Afterwards, the editors, peer reviewers, and writers can monitor the manuscript processing. JKH is a journal developed to disseminate and discuss the scientific literature and other research on the development of health especially nursing, medicine, midwifery, nutritionist, etc. This journal is intended as a medium for communication among stake holders on health research such as researchers, educators, students, practitioners of Health Office, Department of Health, Public Health Service center, as well as the general public who have an interest in the matter.
